

MEET THE TRAINER

Certified trainer and behaviorist **Laura Garber**, CPDT-KA, CC, FFCEP, believes strongly in strengthening the bond between human and companion animal. A specialist in animal shelter behavior, Laura has built programs from the ground up in two large shelters on the East Coast.

A successful behavior program requires training staff and volunteers in defensive dog handling, foundation training skills, behavior modification techniques, and adoption and post-adoption counseling. Because the plight of shelter dogs is Laura's mission, she has designed this 5-day training curriculum to teach these safe and essential skills to shelter personnel.

Contact *Laura Garber* to arrange for a 5-day **Shelter Dog Handler Training** seminar in your shelter!

5-DAY CURRICULUM

Day 1:

- (am) Defensive Dog Handling Presentation
- (pm) Defensive Handling Drills group class
